Alvarado Woman Beaten, Attacked

Two Men Bind And Gag Mrs. W. Wallace; Loot Home

A story of how she had been beaten, robbed, and attacked by two unidentified men in her home in Alvarado early Monday morning, was told by Mrs. W. Wallace, 26, to Constable O. W. Ebright, of Niles, and Patrolman A. C. August, of Hayward, who were called to the scene.

Her assailants are said to have left the woman bound and gagged at her home where she was found by her husband an hour later. She was taken to the Hayward general hospital where doctors said she was suffering from a probable fracture of the skull, severe bruises, and shock.

According to her story, Mrs. Wallace was in bed when she heard a knock at the door about one-thirty Monday morning. Believing it to be her husband, she opened the door and was confronted by a man holding a pistol in his hand. He struck her in the jaw and knocked her down and then came into the house followed by another man.

The pair, Mrs. Wallace said, bound and gagged her and then attacked her. After thoroughly ransacking the house, the two men fled in an automobile carrying away \$3.50.

Unable to summon police, Mrs. Wallace was forced to lie bound and gagged until her husband returned about two o'clock.

One of the assailants was described by the victim as being about twenty-two years of age, cross-eyed, and wearing light trousers. The other was said to have been an older man, wearing a dark suit, and weighing about 150 pounds.

Two men fitting this description were said to have been seen by Wallace a short distance from the house when he was returning home. He afterwards made a search of Alvarado restaurants, but failed to locate the pair.

Wallace also stated that his home had been burglarized about a month ago when his wife and he were not home.

NILES FORESTERS HOLD RITES AT EMERYVILLE

A large number of the members of the Niles Foresters lodge went to Emeryville last Thursday night and held joint installation of officers with Shelmont Lodge of that place. A drill team entertained the gathering with snappy performances, and a huge banquet was served.

Officers of the Niles lodge installed were Addison Richmond, chief ranger, Clarence Crane, sub-chief ranger, Ralph Richmond, lecturer, and Lewis Lewis, secretary.

ABATED ROADHOUSE IS LOOTED OF VALUABLES

Silverware and house furnishings valued at several hundred dollars were stolen from the Mary Haverland road house in Warm Springs, it was reported to Deputy Sheriff Radbruch and other Washington township officers this week.

The establishment, well-known in Alameda county, was abated nearly a year ago by the county district attorney after the proprietress had been arrested on liquor charges. She had not visited the place during the past two months, and when she returned the first of this week discovered the loss.

The burglars gained entrance by breaking a window, and carried their loot out the back door, which was found unlocked. Deputy Sheriff Radbruch, and Constables O. W. Ebright and Tom Silva are investigating.

LARGE NUMBER TO RECEIVE WORK SOON ON COUNTY ROADS

New Plan Of Wage Payment Announced By Supervisor

Employment on county roads will be provided more than 4000 unemployed men in Alameda county in the very near future, it was stated by William J. Hamilton, chairman of the county board of supervisors, in an address to the Federation of Improvement Clubs of southern Alameda county last Thursday night in Hayward.

Preparations for resumption of road work to give work to the indigent and needy is made possible through funds now becoming available from the \$3,000,000 relief bond issue passed by county voters in December.

Diminishing funds necessitated suspension of road work last fall but money derived from sale of bonds is expected to provide considerable work at this time. Hamilton said that a new wage basis different from the plan used last fall is to be put into operation.

Men will be employed six hours a day, two days in every eight, according to the new plan.

Although the supervisors had anticipated reducing the pay from \$4 a day to \$3, they were persuaded by pleas from various labor unions to maintain the union wage scale. The supervisors decided on the six-hour day plan as an alternative, the men to be paid fifty cents an hour. Approximately 1000 of them will be employed at a time.

Jermy, who is now a member of the Post-Despatch staff at Pittsburg, California, is the son of Mr. and Mrs. A. R. G. Jermy, of Inglewood and formerly of Acton, England. Miss Wilkins is the daughter of Mr. and Mrs. Frank Wilkins, of Berkeley. The wedding is expected to be an event of this coming summer.

DEATH SUMMONS MANUEL LUCAS, OF NILES

After a long illness, death summoned Manuel S. Lucas at his home on the Niles-Mission San Jose highway last Wednesday afternoon.

The deceased had resided near Niles for the past nine years. He was born in Hayward sixty-two years ago and had lived in Eden's canyon near there before coming to Niles. Many friends in this neighborhood mourn his death.

His wife, Mrs. Mary Lucas, of Niles, a son, Edward Lucas, of Marysville; two sons, Clarence and George, and a daughter, Mary Lucas, all of Niles, survive.

Funeral services were held from St. Joseph's church in Mission San Jose Friday morning at nine-thirty o'clock, with Father Legel officiating. Interment followed in the Centerville Holy Ghost cemetery.

Botelho Chapel of the Palms, of Centerville, was in charge of funeral arrangements.

Keeping It All in the Family

"Well, what are you going to do about it?"

In effect, that is what Kirby and Webb, members of the Washington Union high school faculty, have said to the school board. And that is what the people of this township want to know, also.

Gentlemen, what are you going to do about it? Are you going to sit idly by and let your hired help dictate how school business is to be run? Well, it looks that way.

Let us see just what these two-job pedagogues have done. Let us reduce the situation to a private business basis. For illustration; suppose we have an employee working for us who is constantly antagonizing our patrons. By bull-headed methods he is driving our friends away, and creating a situation that is bringing us into contempt. We do not approve of his conduct and have told him he must change his ways. He ignores our warning. We are patient. But by and by our patience gives out. And then what do we do? Fire him with little ceremony.

Kirby and Webb have done just these things to the board and to the people. The people want them off the buses, to make room for two other worthy men without work and with families to support. They want Webb off the buses for an additional reason—fear that he may wreck another bus, and, instead of coming out of it with only a \$5000 loss and no insurance, it might be lives instead of dollars marked up against his inordinate thirst for a double salary while men as good as he, starve. The board doesn't like it. But two members have their hands tied, and can do nothing. So Kirby and Webb say, "Well, what are you going to do about it, Mr. Overacker and Mr. Logan? Is it not true that your nephew and your brother-in-law is holding down two jobs and his wife another with the Sunol school? What is the difference between we two grabbing off this \$45 sinecure and your relative teaching night school and getting a hundred a month and Mrs. Goold approximately \$3000 a year? We can't see any difference. And next year, if you don't like our conduct, fire us, if you can. Bah, we snap our fingers in your faces. We stay on the job next year, just to spite you. Read up on the tenure law that our political lobbyists put across on the people of California. After you have read that through, then shut up."

So you see, dear reader, into what a disgraceful situation the affairs of Washington Union high school have fallen. Two members of the board

EMPLOYMENT TO BE PROVIDED BY DECOTO CANNERY OPENING

Pearce Will Operate Plant on Part-Time Schedule Canning Spinach

In order to assist men and women who otherwise would be unemployed, Joseph Pearce has announced that he will begin the 1933 canning season at his Decoto plant this week, operating on part-time schedule.

Approximately fifty or sixty workers will be employed three days a week at the cannery in the canning of shipped-in spinach, according to Pearce's plans. The cannery was leased by him last summer.

When the fresh spinach comes in from Patterson ranch about March 15, the cannery will operate at a larger capacity, the season continuing throughout April when asparagus will be harvested. This crop will take the cannery through to the apricot season.

A highly successful season was enjoyed by Pearce last year when his plant packed about 85,000 cases of fruits and vegetables. All but about 1,000 cases of these were marketed for cash.

THIEF ESCAPES WITH LOOT FROM NILES SHOE SHOP

A kangaroo leather coat valued at \$10, and a pair of work shoes were stolen from the Hiser Shoe Repairing Shop, First Street, Niles, last Thursday morning.

Both Mr. and Mrs. Hiser were in the back room of the establishment when the thief, who is believed to have been a transient, entered the front door. A bell which usually rings in the back of the shop when the front door is opened, failed to function properly and Mrs. Hiser was unaware that anyone had entered until she discovered the loss apparently only a few moments after the thief had left.

Reckless Driver Draws Five Day Jail Sentence

When he was unable to pay a fine, on a charge of reckless driving, Norman Ellsworth, of San Jose, was sentenced to five days in the county jail by Judge J. A. Silva in the Niles Justice court Friday afternoon.

Ellsworth was arrested on Dec. 19 by Traffic Patrolman A. Larsen on the highway near Niles. Judge Silva had continued the case in order to give the defendant an opportunity to raise money enough to pay a fine but Ellsworth was unable to raise the necessary amount and went to jail.

Niles Man Hurt As Car Smashes Into Tree

A broken nose, lacerations of the face, and numerous body bruises were suffered by Harold M. Smith, of Niles, late Sunday night, when his automobile crashed into a tree along the highway between Niles and Centerville.

The accident occurred, Smith said, when he became sleepy at the wheel and made the mistake of assuming the light showing between two trees was a turn in the highway. He was treated by a local physician. The car was demolished.

ATTEND FUNERAL

Mr. and Mrs. E. A. Ellsworth attended the funeral of Mrs. Ellsworth's uncle, Marston Campbell in Oakland Saturday afternoon. Campbell died last Thursday night of pneumonia, although he had been ailing for some time. He is well-known in the Oakland area.

NILES CHAMBER TO FETE FIREMEN AT TURKEY DINNER

Boy Scout Headquarters To Be Maintained By Civic Organization

The Congregational church parlor in Niles will be the scene of the dinner to be given by the Niles Chamber of Commerce for members of the Niles fire department, it was announced by Dr. R. H. Bennett, chairman of the committee in charge, at the Monday meeting of the civic body.

To be held in appreciation of the firemen's services to the community, turkey will form the "piece de resistance" at the dinner, which will be served by ladies of the church guild, Dr. Bennett also stated.

Although the date of the affair has not been definitely settled, it probably will take place a week from tonight (Thursday) or the following Thursday night, according to the report. The committee had asked the fire department to set a tentative date, and the unit decided upon tonight, which committee members felt was too short an interval.

Under the bill introduced into the legislature the penalty for drunken driving where an accident is not involved would range from five days to six months in the county jail or a fine from \$25 to \$500.

Amador Basketball Teams Taken Down by Livermore Boys

B Team Shows Fight While Varsity Lays Down on Job

The Amador B team lost another game in the Southern Alameda County league when the Pleasanton boys were defeated by the Livermore Cowboys recently by a score of twenty-six to eleven.

The game was well played, considering the fact that the little fellows from Pleasanton are tailenders in the league play and that they have not been receiving the constant training they should have, due to the fact that Coach George Patterson has been giving his attention to the varsity team in hopes that he would turn out a league championship team. The coach's hopes were blasted recently when the members of the A team failed to cooperate with him in fighting for the championship.

In the B game many baskets were missed for no other reason than the fact that the ball balanced on the rim and couldn't make up its mind which way to fall.

The Pleasanton boys fought the whole time and showed considerable improvement over their last game.

Under the new system of promotions in team ranks John Dolsstra is now made colonel. Safreno, who came to the game after the first quarter recently was promoted to major. Russel Anderson was appointed captain at the Livermore game, when Safreno failed to appear on time. There are only three other B team players and Coach Patterson has decided that they might as well be lieutenants, in order to fill any vacancies that may occur by the future promotions.

The varsity in the second game recently, played a terrible game of basketball and lost the game by a score of thirty-four to fifteen. This was the first time that they have been defeated in league playing this season.

CHINESE MISSION WORKER FETED AT IRVINGTON

The usual monthly meeting of the Irvington Churchwomen's Association held Friday was a very unusual and enjoyable affair. In honor of Mrs. O. J. Krause, of Peiping, China, the ladies of both the Niles and Newark church guilds were entertained.

Mrs. Krause described in a most interesting address the progress made by the people of Northern China in the last thirty years and the influence that church missions, schools and hospitals have had in this development. The talk was illustrated by various specimens of Chinese industry and skill, both ancient and modern. One very curious piece was a letter written by a Manchu emperor in the year 1827. When unrolled it was about eight feet long, beautifully adorned with dragons and written in both the Manchu and Chinese languages.

Most delightful refreshments were served at the close of the meeting by the Irvington ladies.

Mr. and Mrs. Krause were luncheon guests at the home of Mrs. W. A. Sloan before the meeting, as also were Mr. and Mrs. J. E. Moore, of Palo Alto, and Mrs. Florence Hudson, of Niles.

For the purpose of getting the grown-ups in the community acquainted with the work which is being done by the Boy Scouts of America in Pleasanton and Murray townships, citizens of these two townships gathered at the Amador Valley high school gym in an immense scout rally last Friday. Arrangements for the rally were under the direction of Geo. Roraback, of Sunol, chairman of the activities committee.

At a recent meeting of scouts and scout leaders of the county, the scout troops of Sunol, Pleasanton and Livermore were consolidated into one district. E. J. Lawless, of Livermore, was appointed district chairman.

All scouts and scouter from Sunol, Livermore and Pleasanton participated in the rally last week. Similar rallies have been held in Ingold, Centerville and San Leandro.

In this affair each scout troop was competing for highest honors. The troop which won the highest total of points in the contest, held as an exhibition of the scout work, was awarded a cup.

The program arranged for the evening proved to be of an interesting nature. There were first aid drills, knot tying contests, and fire-by-friction and fire-by-flint-and-steel exhibitions. Songs and yells were given by each troop. Each troop gave the scout yell and song and gave its original troop yell and song. Jimmie Monroe was yell leader for the Pleasanton group, and Robert dePonte led the songs.

Irving Beesley, of San Leandro, county field executive, was present.

Judges for the affair were selected from Hayward and San Leandro. The names were not announced until that night.

The program on which the troops competed included the following:

1—Punctuality.
2—Attendance of troop; 100 per cent registered membership present.

3—Attendance of visitors; number of visitors cards from each troop presented at the door.

4—Opening ceremony. One scout from each troop presented the American flag for salute and pledge to the flag.

5—Flag display; number of flags had by each troop and number of stands for the flags.

6—Knot tying contest. A team of six boys from each troop competed in tying six knots-figure eight, sheet bend, fisherman's, slip, bowline, and square. Points were based on accuracy and speed.

7—Signaling. Teams of four. Messages were given and read by the scout teams. Accuracy and speed counted greatly.

8—Song contest. "Hiking to Victory," the scout song; and the original troop song.

9—Fire-by-friction. One from each troop.

10—Fire-by-flint-and-steel. One from each troop.

11—First aid carry relay contest. Each troop needed a fireman's drag, three-man lift, blanket stretcher, one-man lift, four-hand chair carry and a horseback carry.

12—Skin the snake relay game. Eight scouts from each troop.

13—Yell contest. Scout yell and original troop yell.

14—Participation. 100 points were given to each troop that entered in every event.

15—Closing colors were presented, salute, scout oath, and taps.

Former Decoto Officer Freed of Girl Charge

George Gehrmann, a former special officer at Decoto, was exonerated by Oakland police this week of a charge made by Miss Marjorie Wood, a nurse, that he had served her doped beer at his home in Oakland.

As a result of the investigation, police said the charge had no basis. Miss Wood had Gehrmann arrested after she had revived from an alleged stupor caused by beer she had accepted from Gehrmann. A police uniform was found in the man's home and was proven to have been used by him while on duty at Decoto.

BURGLARS BREAK INTO NEWARK STATION

(Continued From Page One)

Burglars broke into the Southern Pacific railroad station at Newark last Wednesday, forced open the safe and escaped with a small sum of money in change.

The thieves broke open both the door of the station and the safe by the use of a sledge hammer. The crime was performed in a manner that indicated the burglars were not amateurs, according to Deputy Sheriff Hugo Radbruch, who investigated.

a notice to successfully arrange for the dinner.

A resolution passed at a meeting of the civic body's executive committee held last Tuesday to sponsor maintenance of the Boy Scout headquarters in Niles was endorsed by the chamber at this week's gathering. The chamber decided to take this action after it had been pointed out that Niles had failed to raise its quota of \$100 during the recent drive for scout funds, and that funds had to be raised if the scout headquarters were to be maintained.

A sum of \$65 has been decided upon as necessary to maintain the scout house during the coming year. This sum, however, will not be taken from the chamber's regular treasury but raised by some other means to be decided later, according to the decision made Monday.

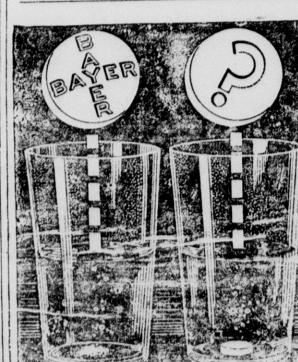

Pointing out the benefits to industry and society in general of scientific research, Walter Carlson, from the General Electric Company's laboratories in Oakland, was the chief speaker at Monday's meeting, delivering an interesting and informative address on some of the results accomplished in the research department of the firm with which he is connected. A large audience was on hand to hear the speaker who was secured through the efforts of A. J. Petsche, membership chairman.

Since about 1900, when research laboratories were first established on any extensive scale in this country, declared Carlson, great progress has been made which has led to large benefits to the consuming public.

Carlson cited the incandescent lamp as an instance of a result of intensive laboratory research, which has proven of unestimatable value to the public. Drawing of tungsten wires and the use of nitrogen gas also were mentioned by the speaker as important results of research work that have had far reaching effects in increasing efficiency of industry.

Although use of the cathode ray which has come out of the laboratory room is an advance over the modern x-ray tube has not yet been put to any extensive use, Carlson pointed the possibilities offered by this electrical discovery in the future in not only increasing industrial efficiency but also in the interest of medicine and combatting disease.

Lester Duffey was appointed membership chairman to arrange for next week's gathering.

IRVINGTON TAKES CONTEST FROM HAYWARD

In a game arranged at the last minute on account of the Sunday morning rain, Irvington defeated Hayward 5-4 in an exciting contest despite the fact that the grounds were rather wet.

Irvington Reds did not use their full lineup but still managed to come out on top. Hayward at present holds second place in the Inter-City league.

Due to an elimination of the losing teams in the second half of the season, Irvington does not know who will play at Irvington until the results are tabulated. Irvington is in first place and will continue to play ball each Sunday, weather permitting.

The fielding star of the game was Harry Rose, who made several sensational stops. Pine caught his usual good game, but failed to connect safely. Wayne Day, at first base, is still the same old dependable war horse, showing improvement through many seasons of hard campaigning.

POPULAR YOUTH, DEATH TAKES OLD PIONEER OF TOWNSHIP CALLED BY DEATH

Frank Calderia, 17, Is Summoned After Long Illness

Many friends in Washington township mourned the death of Frank Calderia, popular seventeen-year old son of Mrs. Mary Amaral, of Centerville, who succumbed at his home last Thursday. He had been ill for over a year.

Calderia was born and raised in Centerville and was well-known and popular among the people of this community. He was a graduate of the Centerville grammar school and was in his freshman year at the Washington Union high school when illness forced him to leave school. He was well liked among all his school comrades, to whom his death came as a great shock.

The deceased was the only son of Mrs. Mary A. V. Calderia and the late Frank Calderia. He lived with his mother and grandfather, Joe G. Vargas until his death.

One of the largest crowds to attend a funeral at Centerville were out to pay their last respects to the deceased and his family at the rites held at ten-thirty o'clock Saturday morning in the Centerville Holy Ghost church. Solemn requiem high mass, with three priests officiating, was held. The youth's school friends acted as pall bearers.

Interment took place in the Centerville Holy Ghost cemetery. Botelho Chapel of the Palms was in charge of the funeral.

Warm Clothing Needed By Welfare Workers

Welfare Club No. 1 met at the home of Mrs. Harry Salz Monday afternoon, with Mrs. Brunner as hostess. It was reported that ninety repaired and forty-two garments had been turned in. The report was made by Mrs. A. A. Hatch, chairman of the sewing committee.

Immediate need for warm clothing during the winter months was stressed at the meeting. Sweaters and coats are among the garments most needed, according to the ladies.

CENTERVILLE LIONS ENJOY LEGION'S HOSPITALITY

Members of the Centerville Lions Club were feted by the Washington township American Legion post at an enjoyable gathering in the Veterans' Memorial building Niles, last Wednesday evening.

A large number of Lions, prominent legion officials from other posts, and township regiments were present to enjoy an entertaining musical program made up of war-time vocal solos, community singing, and numbers from Alameda Post's hay-wire orchestra.

Elmer Nordby, legion post commander, delivered the address of welcome to the Lions, and Frank Madruga, president of the Centerville den responded with an address of thanks, stressing the spirit of cooperation and fellowship created by such affairs.

The value of good citizenship, Americanism as a means to prevent the disintegration of the present social order was pointed out by District Legion Commander Smith, of Oakland, in the chief address of the evening. County Legion Commander Hashman also was a guest at the fete.

Plans of the Centerville Lions to create greater interest in boy scout activities among the boys and parents in Centerville were outlined to the gathering by Dr. G. S. Holman, chairman of the committee in charge.

Report of the Lions' committee on naming of streets and numbering of houses, and the grammar school milk fund were slated to be made at the meeting of the Lions, held last night (Wednesday).

WASHINGTON HIGH FIVES ARE VICTORS IN FOUR CONTESTS

HUSKERS TURN IN DOUBLE WINS OVER DUMMIES AND HAYWARD

Double wins by both the Class B and unlimited quintet's featured Washington Union high school's basketball activities last week.

In league competition, Coach Jess Regli's unlimited hoopers turned in their first win of the season at Foothills Friday night when they came through with a 19 to 14 victory over the School for the Deaf and Dumb. A gain featuring the sharp shooting of Sekigahama, Cornhusker forward, the Class B cagers preceded the unlimited contest with a 21-14 win over the Dummies.

Last Tuesday night, Washington's unlimited took the measure of a Hayward DeMolay quintet by a 30 to 18 margin, while the Class B boys topped their contest by a 24 to 12 advantage. Both games were played in the Washington Union high school gymnasium at Centerville.

Foothills Unlimited Game

Closeness throughout the contest marked the unlimiteds' clash with the Dummies, although Washington held the advantage from the beginning. Laybourne and Brown divided scoring honors for the Cornhuskers with six digits apiece. Washington line-up and scoring was:

Laybourne (6), Rathbone, Philpen (5), Brown (6), forwards; Martin (2), Scott, center; Coley, Cattaneo, Maderios, Klomas, guards.

CLASS B GAME

With Sekigahama finding the net at the outset of the contest, the Cornhuskers rolled up a 11 to 5 lead by half time against the Dummies' Class five. They were not threatened at any stage of the game. Sekigahama was easily the shining light and quickly dissipated any hopes the Dummies may have had for victory, with his repeated location of the hoop for counters. Washington line-up and scoring:

Sekigahama (13), Kato (2), Fundanna (4), forwards; Koga, Yamashita, center; Reina (2), Brown, Kato, Muni, Dusterberry, Whipple, Amaral, guards.

DE MOLAY UNLIMITED GAME

It was a nip and tuck for honors during the first half in this game, with the score deadlocked at 13 all when the whistle blew for half time. Washington, however, put up a sturdy defense the latter period and held the Hayward boys to five points while they garnered seventeen themselves.

Laybourne was outstanding for the Cornhuskers with fourteen points to his credit, while Coley turned in a nice guarding game. Philpen totaled eight points for his team. Washington line-up and scoring:

Laybourne (14), Rathbone, Philpen (6), Rose, forwards; Scott (4), Rodriguez (2), center; Rathbone, Martin, Cattaneo, Maderios (1), Cole, Brown (1), Townsend, guards.

DE MOLAY CLASS B GAME

Contributing fifteen of his team's points, Sekigahama was the spark in Washington's victory. The Cornhuskers assumed an early lead and were never headed. The count at half time gave them a 16 to 3 advantage. Washington line-up and scoring:

Sekigahama (15), Kato, Fundanna (4), Whipple (2), forwards; Koga, Yamashita, center; Brown, Dusterberry, Muni, Reina (2), Kato, guards.

TO MEET LIVERMORE FRIDAY

Coach Regli will send both of his quintets against Livermore high school hoopers Friday night in Washington Union high school gymnasium. The Washington Class B quintet is in the lead in southern Alameda county league standing at the present time and will be out Friday night to avenge the defeat at the hands of the Cowboys several weeks ago and maintain their standing. Breaking training rules resulted in Coach Regli banishing four of

his unlimited boys from the squad last week which undoubtedly will weaken the team. However, he states the five he sends out on the floor tomorrow night will be in a fighting mood and prepared to give their best in efforts for victory. The first game is scheduled to begin at seven-thirty.

Those banished from the squad were Ruel Brown, Joe Rodriguez, Ed. Rose and Alvin Muniz.

Township University Club To Reorganize

At a meeting and dinner to be held at the Hotel Belvoir, Niles, Wednesday night, February 1, the University of California club of Washington township will be reorganized. The club, comprising early graduates of the University of California, was one of the first organizations of its kind in the state at its inception many years ago.

Regular meetings of the group have been discontinued during the last few years, and next month's gathering is to be held for the purpose of organizing all university people in the community into an active group again. The dinner will be followed by an entertaining program and social evening.

Robert Stribley, secretary of the University of California alumnae association, is scheduled to be present and deliver an address, and possibly present movie scenes of the campus.

The committee arranging for the affair is composed of Mrs. J. C. Shinn, Mrs. J. R. Whipple, and Clarence Martenstein.

The last officers elected by the club were E. W. Burr, president; Dr. Millicent Shinn, secretary; and Clarence Martenstein, treasurer.

Dancing Lessons Offered Free by Williamson School

All children interested in dancing will be given the opportunity to obtain two trial-lessons without expense by attending classes held next Monday and the following Monday at 3:30 o'clock in the Odd Fellows Hall, Niles, under the auspices of the Williamson school. Miss Sibyl Marion, who has been absent on account of illness, will resume her work with the children in the ballet and tap classes.

A new term of fifteen lessons will begin February 6, and will continue through May 22. All those enrolling must do so for the entire term of fifteen lessons, as fewer number would be worthless to the pupils and a teacher of Miss Marion's ability can be obtained only under contract.

New pupils who wish to take part in the classes for the remaining two weeks in January, and who at the end of that time do not wish to sign up for the term of fifteen lessons will not be charged for January instruction, this giving parents an opportunity of observing the type of instruction given, without undergoing expense.

As has been stated before in the Register, Miss Marion is a former member of the Chicago Civic Opera company and has studied under many able teachers, including Koslof. Some of her own pupils have acquired notable reputations as high class stage performers. Miss Marion combines a thoroughly qualified ability with an unusual attractive appearance and winning personality, making the lessons a real pleasure as well as a benefit to the children. She stresses technique, correct posture, grace training and poise.

Children enrolled during the past term include Patsy Smith, Winnifred Dias, Harriet Dias, Beverly Jean Mackey, Bobby Stevenson, Mabel Townsend, Winnifred Bendel, Antionette Holeman, Margaret Williamson, Betty Murphy, Beverly Zwissig, Mary Ellen Menendhall, George Holeman, and Johnny Meek Williamson.

Miss Patricia Dunlin, of Oak, land, who has studied with Miss Marion for some time, entertained the class members and visitors at the meeting Monday afternoon.

Editorial Comment

NORMAN H. PARKS, Publisher Register

have a relative as assistant principal, elevated to that position since his relatives became members of the board. And this year—a year of distress and want among the unemployed, including teachers as well as members of every other profession and following—the board selects this relative to teach the night school. One hundred a month he draws, besides his \$2750 salary. We personally know two capable and worthy local men who are eminently fitted for filling this place in the night school. The salary would be a great help to them at this time. The whole nation is bent on relieving unemployment, but here in Washington township high school, on the other hand, all energy is bent to creating more unemployment. The cry of financial distress meets with a cynical smile in the majority of the school board members. We say a majority now, where a few weeks ago we were safe in making the sweeping charge that all members were cut from the same pattern. Two members are protesting. They realize the people are determined to clean up this two-job outrage and correct the extravagance rampant at the Centerville institution. They are two, and they are in the minority.

Rathbone can't displace relative Goold, or he, himself will be looking for another job. Kirby and Webb and all the faculty members on the night school staff understand the situation and are hiding behind the ghost of nepotism as it stalks through the corridors at Washington Union high school.

So there you are, dear people. Now you can understand a lot of things that we have understood for a long time, but disliked to write about. And there are many other things that we know about, but of which we have not written; but as long as the board has allowed Kirby and Webb to run it over on them, it shall be our business to speak from time to time, on matters heretofore suppressed.

Making Conversation

Well, folks, here's Max Baer again! Ever since he hit a man a blow on the back of the head which killed him, in a San Francisco prize fight ring, he has been a great hero and a favorite of the ladies. It's a flare back from old Rome. You know how the ladies threw kisses to the winning gladiator who laid his antagonist out cold in the dusty arena of the Coliseum.

Max just can't keep the ladies away. Try as he will, to paraphrase an old proverb, the "villainesses" still pursue him. They slip him date notes while he eats at the chop houses in Livermore and the Fly Trap in Frisco. His good wife is all a flutter to protect her darling from naughty women. Everywhere he goes, his virtue is assailed. Indeed, it is harder for a pug of the ring to be a one-woman man than for the old hump-backed camel to go through the eye of grandma's darning needle.

Just now Max's old gal, Olive, is figgerin' on taking a legal crimp in his pugilistic highness. She wants about two hundred and fifty thousand because Max went back on her and picked a three-time loser instead. But the funniest thing about the whole mix-up of Max's is the letter he "writ" to little Olive, who by the way may be seen any day throwing flap-jacks over in a Livermore eat-atorium. The little gem has been printed in the papers, in Max's peculiar style. Max left out a few periods and commas, to say nothing of exclamation points and capital letters. But what matter! Max gave the little "Lamb" some good advice, and the oddest thing about it was that Max was taking his own prescription. He prescribed readin' good books to make conversation.

Indeed, when a man is but a butcher boy, education is a frill, but when he gets to be a headliner pug, he needs a college course. And Max's goin' to get it. But poor little, trusting Olive; all her efforts for erudition have gone boom! Max walked off with another dame by the time little Olive had labored through Pilgrim's Progress.

Rolph insists that the investigating committee has insulted the courts. Well just so they do not insult the present supreme court, the committee may stay out of jail.

Manuel Ferriea, captain of the Castlewood caddies, teamed with Ed Nott to form a pretty tough match for the best of the caddies. Ferriea is usually always straight down the middle, and Nott hits the longest ball. Both boys work well together, and put up strong competition to their opponents.

San Francisco Five Trounces Pleasanton Men

Playing against a team which was composed almost entirely of all star players, the Al Johnson's Basketball Five, of Pleasanton, was defeated by the Inferno Athletic club, of San Francisco, in a game played at the high school gym last Monday eve. The score was sixty-five to thirty-eight.

The visitors are by far one of the best teams which has ever come to that city to play. They displayed a good brand of basketball and effective floor work. They had enough men to make up two teams, each substitute player equal in ability to those used in the starting line-up.

The halves were each thirty minutes long. The Pleasanton boys had seven men out for the game and during the last half of the game they were slowed up in speed because of the lack of substitutes.

Roy Arendt was high point man for Pleasanton with twenty-one points.

The line-up for Johnson's stars was: Roy Arendt, Harold Arendt, Francis Nevis and Myron Azevedo, forwards; Bruce Powers, center; Jimmie Trimingham and Ed Vervais, guards.

SUCCESSFUL SCOUT LEADERSHIP CLASS ENDS

Despite the traditional ill omens associated with the date, Friday, January 13 saw the close of a highly successful training school for scout leadership in the Centerville justice court. The classes—the first ever held outside Oakland—were sponsored by the Oakland Area Council headquarters staff in order to give trained leadership to the various Washington township troops.

Exceeding the fondest expectations of those in charge, an average attendance of twenty was noted throughout the progress of the evening classes. Representatives from Niles, Newark, Irvington, Centerville and Decoto were present and gained valuable information that will undoubtedly lead to betterment of their troops, according to those in charge.

Those who attended enough meetings to qualify for the training certificates were Walter Johnson, R. L. Pond, W. P. Anderson, and Wallace Pond, of Irvington; A. M. Alves and J. E. Townsend, of Niles; S. Scamen, of Newark. Those not qualifying will have another opportunity to do so at a similar course to open at Pleasanton Monday evening. It is the hope of the scout leaders that everyone will avail themselves of this opportunity.

The entire Washington township course was conducted by A. J. Rathbone, chairman of district leadership and training committee, with E. D. Bristow and J. E. Townsend taking their places when necessary.

Oakland council furnished several able men to assist in presenting the course. Jack Slusher and six Horsemen presented a dramatization of a troop committee meeting as it should be conducted.

Addresses on various phases of the work were delivered by H. J. Bemis, council executive; T. J. Sharman, Gene Bell, Sam Worswick, Carl Helmick, "Bugs" Cain, all of the headquarters staff, while the field executive, "Bing" Beesley, instructed and lead in the singing, and performed other valuable assistance.

It is the hope of scout leaders that the headquarters will present a similar course next year.

DEADLINE FOR NEW CAR LICENSES IS JANUARY 31

Penalties and citations for failure to obtain 1933 license plates will be enforced after January 31, it has been announced by Captain Louis Elke, of the southern Alameda county highway patrol. Licenses after that date will cost \$6 instead of the present \$3.

An indication that many motorists are having difficulty in raising money for their new license plates is provided by the large number of inquiries received at the highway patrol's headquarters in Hayward regarding penalties for failure to obtain new licenses.
